

REMARKS

In the Office Action, a restriction was entered between Group I, Claims 8-12, directed to a network server, and Group II, Claims 13-19, directed to a method for allocating resources in a network server.

Applicant elects Claims 8-12 in Group I, without additional traverse, and hereby cancels Claims 13-19 without prejudice.

In view of the foregoing, entry of the amendment and favorable consideration of Claims 8-12 is respectfully solicited.

Respectfully submitted,
